

# Wine Century Club Application

This version of the Wine Century Club Application is the one used in the Appendix of *A Wine Journey*. You can easily print this pdf and fill it out over the years.

Once a wine journey starts, it can last for a lifetime. Over the years and decades, one will taste hundreds of different varietal grapes. Participating in the Wine Century Club is a rewarding experience. There is an application on the Wine Century Club website. We include a slightly revised application in the book and here. Just check off the varietal grapes in a wine you taste or drink. If the wine is a blend, check off each varietal grape in the blend. Notes, such as where you tasted the wine, are optional. There are additional spaces at the end of the lists for adding red and white grapes not mentioned.

Following club membership, continue to note the varietal grapes tasted along your journey. There are additional levels of the club that you can achieve:

Doppel Level.	200 grape varieties
Treble Level,	300 grape varieties
Quattro Level,	400 grape varieties
Pentavini Leve,	500 grape varieties

Once you have tasted 100 different varieties, scan your application and email the file to Wine Century Club using the [info@winecentury.com](mailto:info@winecentury.com).
